Post Office Box 221  
Williams AZ 86046

**Sherwood Forest Estates  
Williams, Arizona**

August 9, 2000

Dear Homeowners and Property Owners,

The monsoons have finally come to Northern Arizona. It's nice to see the rain, but nicer still to see the fire danger level at *moderate* instead of *very high*. Yesterday, driving through Pittman Valley, we saw a herd (20-30) of antelope and a herd (40-50) of Elk. Then we crossed the cattle guard into SFE and saw three deer. It sure is nice to see animals in abundance.

The annual meeting on July 1, 2000 was informative, as you will see from the enclosed minutes. Property values are going up and our fire department is growing. After the annual meeting, the Board voted to give the Fire Department \$500 so that they could send an additional firefighter to fire school.

The auxiliary continues to plan monthly activities for our community. This fall's schedule of events is included. I hope to see you at one of them.

Next year the Fourth of July falls on a Wednesday. The SFEPOA board is considering moving the annual property owners meeting to a holiday weekend (Labor Day or Memorial Day). If you have strong feelings about this please let us know. You can write us at the PO Box, call a board member, or email us.

And, finally, Dick Fisher has started a Sherwood Forest Web site. Please visit it at <http://www.thefishers.org/SFEPOA/SFEPOA.html> (case sensitive address). Dick would like comments on what you would like to see at the site.

I look forward to seeing you in the tall pines!

Sincerely,

Anne Dudley  
SFEPOA President
